Overview

Elsevier is currently in the process of migrating many of its digital solutions, including STATdx, onto a single platform. This change will allow you to view all your subscriptions and manage account information (saved searches, bookmarks, etc) with a single username and password. For customers who use multiple Elsevier products, you will no longer need to create or manage separate accounts. There will be no changes to how the application looks or functions. However, you will use a single Elsevier login for STATdx. This document walks you through how to migrate to the new system. There are two separate procedures in this document:

- Migrating if you do not currently have Elsevier credentials.
- Migrating if you currently have Elsevier credentials.

Regardless of which procedure you use, when finished you will have a single Elsevier username/password with which to access all Elsevier applications your facility has purchased.

**Note:** Each radiology product must be migrated individually.
### Procedures

<table>
<thead>

<th><strong>Migrating if you do not currently have Elsevier credentials</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>This process will link STATdx to your new Elsevier credentials, leaving you with a single login/password for your Elsevier products.</td>
</tr>
</tbody>
</table>

| 1. Open the STATdx login page ([https://app.statdx.com/](https://app.statdx.com/)). |
| Do not log in. |

| 2. Click the **user profile** migration link at the top of the page. |
Migrating if you do not currently have Elsevier credentials

3. Enter your STATdx credentials.

4. Select the **No** radio button to indicate that you do not have an Elsevier profile, and click **Submit**.
   
   **Note**: If you are having difficulties logging in, use the **Forgot username or password?** link.

The Profile screen displays. Required fields are marked with an asterisk (*).

5. Enter your first and last name.

6. Enter your **Email Address**.
   
   **Note**: This address will be your Elsevier **Username**.

7. Create an Elsevier **Password**.
   
   **Note**: Hover over the “?” icon to display password requirements.

8. Select **Additional profile details** to enter additional info, such as Department or Phone Number.

9. Enable the **Registered User Agreement** checkbox.

10. Press **Submit** when done.
Migrating if you do not currently have Elsevier credentials

11. Select **Continue** to return to the STATdx login screen.

Congratulations!
You have successfully migrated your user profile. Please continue to use the login credentials associated with email address

12. Log in with your new Elsevier credentials.

>Note: Do not use your old STATdx login.
Migrating if you currently have Elsevier credential

This process will link your Elsevier credentials with your STATdx credentials. Once completed, you will access the STATdx application using only your Elsevier credentials.

1. Open the STATdx login page (https://app.statdx.com/).
   Do not log in.

2. Click the user profile migration link at the top of the page.
   The migration page (https://app.statdx.com/migrate) displays.

3. Enter your STATdx credentials.

4. Select the Yes radio button to indicate that you have an Elsevier profile.
   Note: If you are having difficulties logging in, use the Forgot username or password? link.
### Migrating if you currently have Elsevier credential

1. **Enter your Elsevier credentials in the fields displayed and click **Submit**.**

   ![Submit Button](image)

   - **Confirmation Message**: A confirmation message displays.

2. **Select **Continue** to return to the STATdx login screen.**

   ![Continue Button](image)

   - **Congratulations!** You have successfully migrated your user profile. Please continue to use the login credentials associated with email address `pruebasestest@gmail.com`

3. **Log in with your Elsevier credentials.**

   - **Note**: Do not use your old STATdx login.
