How to get the most out of your Elsevier Open Access Platform (EOAP) Institution Dashboard

Empowering Knowledge[™]

Making it easier to work with us

Open Access: Institution Dashboard

At Elsevier we are always looking for ways to make your work easier.

In this document, we show how the EOAP allows you to easily manage your institution's APCs so you have all the information in **one place**.

3 Steps to your Elsevier Open Access Platform

- 1. Accessing your Open Access Platform
- 2. Managing your Platform
- 3. How we support you

3 Steps to your Elsevier Open Access Platform

- 1. Accessing your Open Access Platform
- 2. Managing your Platform
- 3. How we support you

Step 1: Accessing your Open Access Platform

When an author completes the Rights and Access Form, an email notification is sent to you with a link to the Elsevier Open Access Platform (EOAP)

Dear Sir/Madam,

You have a new Article Publishing Charge to approve for University of Manchester,

'Effects of lateral swirl combustion chamber geometries on the combustion and emission characteristics of DI diesel engines and a matching method for the combustion chamber geometry'

Dr Kayleigh <u>Dach</u> S2011155716425390

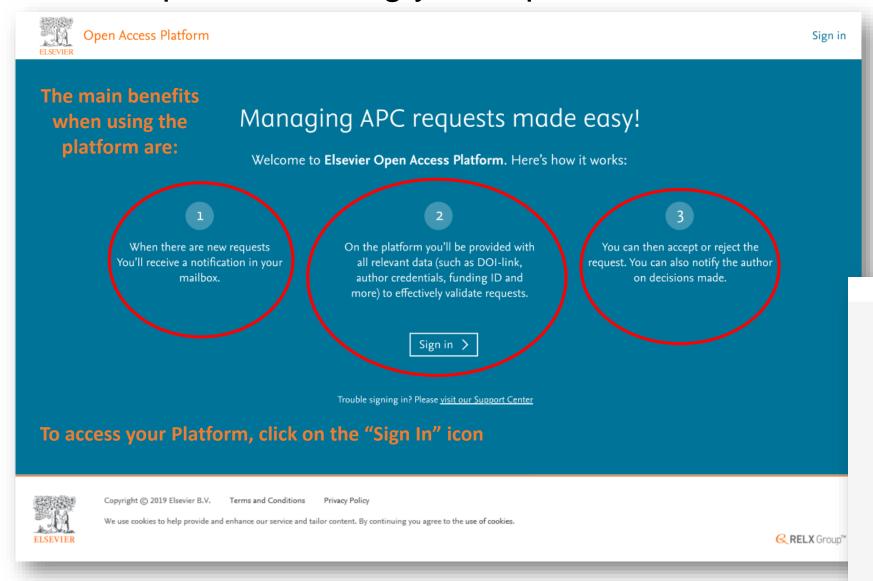

To approve the request please access the Elsevier Open Access Platform: https://open-access-portal.gtc.tio.systems/

If you require assistance, please contact the Researcher Support Team using the Elsevier Open Access Platform Support Centre

Kind regards

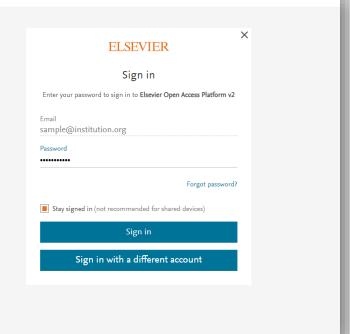

Researcher Support

Step 1: Accessing your Open Access Platform

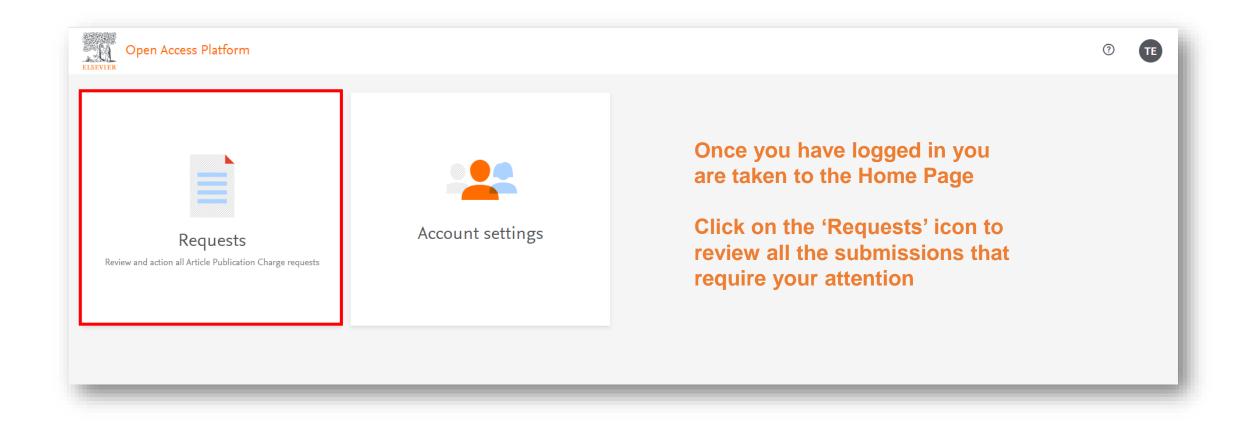

When an institutional agreement is set up, you are provided with a user name and login credentials

On receipt of the request to approve the APC, you log in to the Portal using that institutional email and the password provided by Elsevier

Step 1: Accessing your Open Access Platform

3 Steps to your Elsevier Open Access Platform

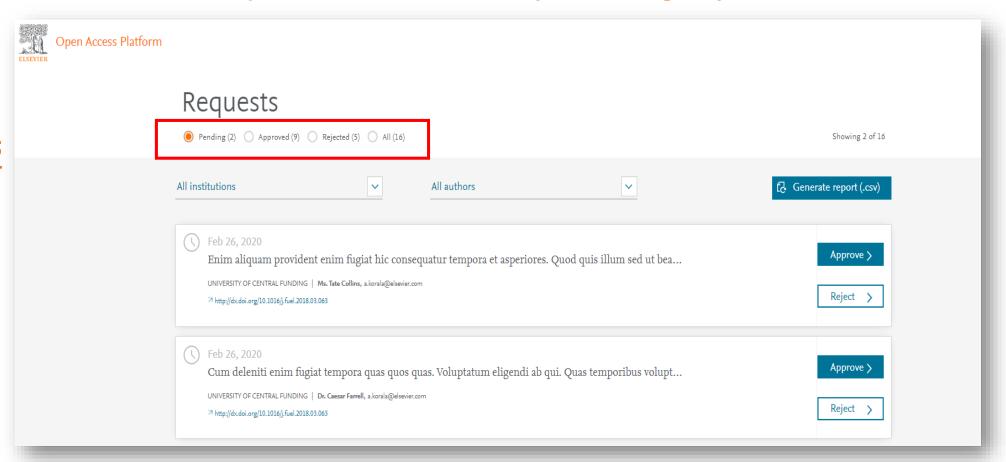

- 1. Accessing your Open Access Platform
- 2. Managing your Platform
 - Approving Requests
 - Rejecting Requests
 - Viewing Historical Requests
 - Generating a Report
 - Account Settings
- 3. How we can support you

Your Open Access Platform allows you to manage any APCs

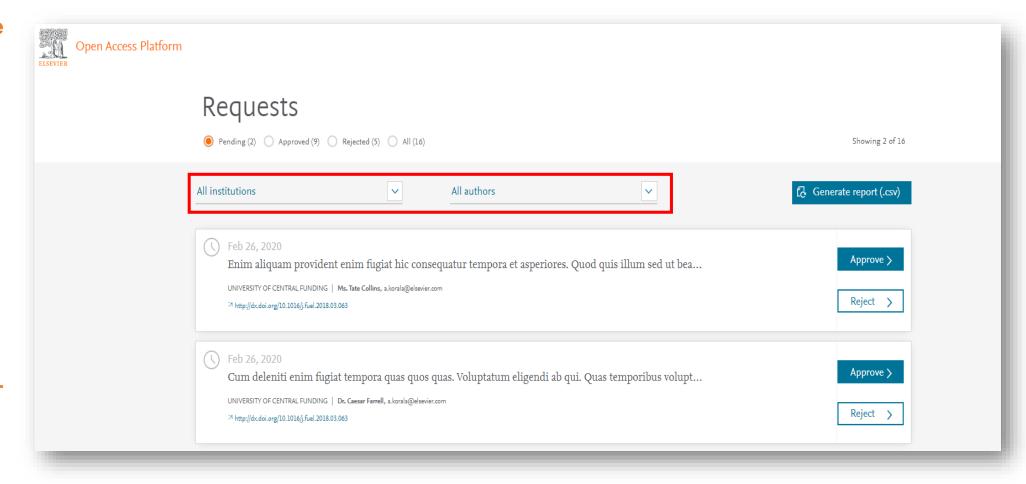

The Requests screen shows all Pending requests; these require your approval or rejection

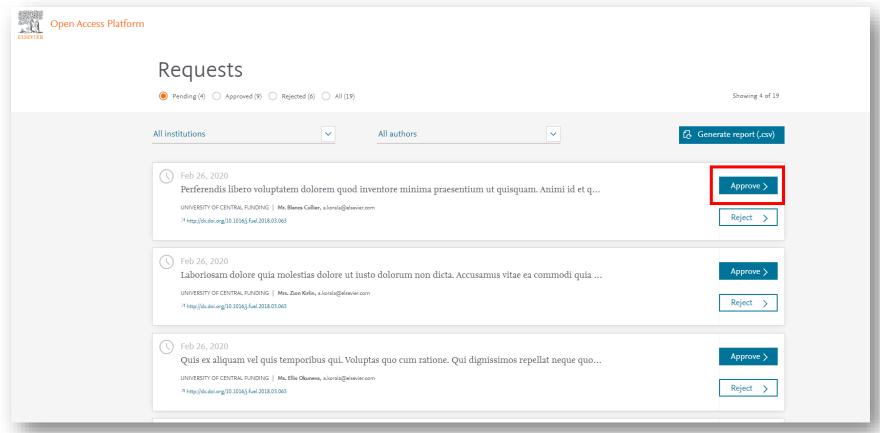

Filter by
Approved or
Rejected
requests, or view
All requests on
one screen

If you manage multiple institutions, filter for specific institutions using the 'All institutions' drop-down menu

To sort by author, use the 'All authors' dropdown menu

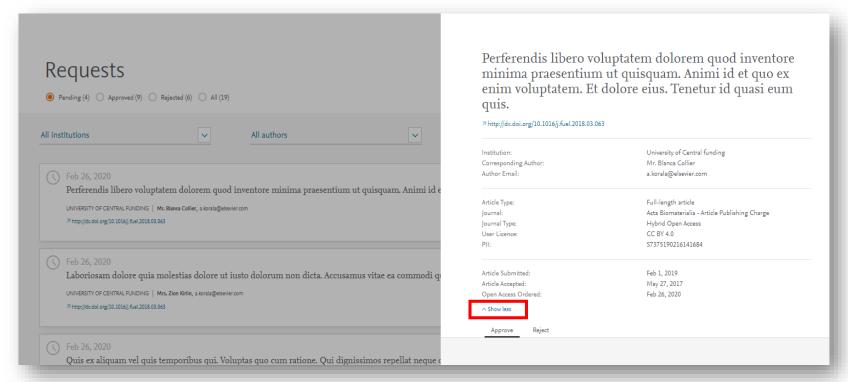

The APC request shows the detail of the APC including:

- Ordered date
- Link to the full text article
- Author and institution details

You have the option to Approve or Reject the APC request

To approve a request, click on 'Approve'

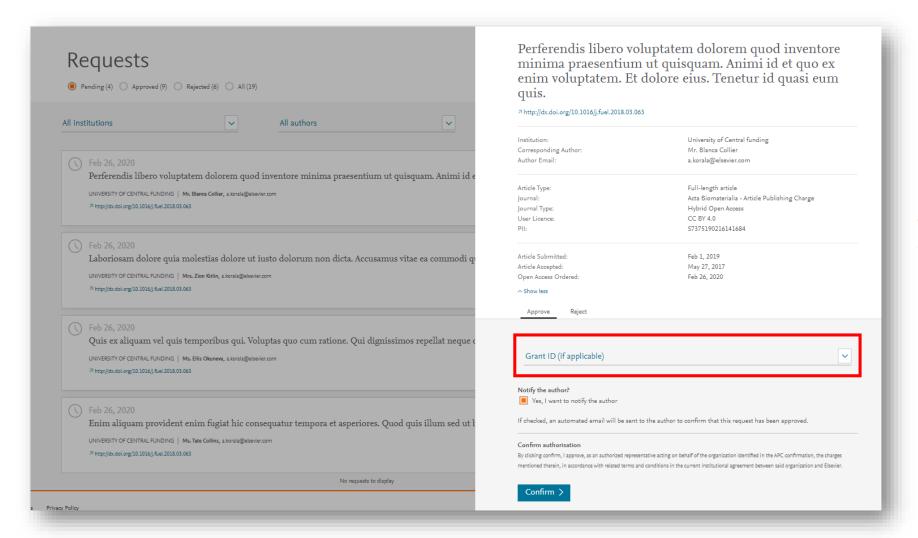

The information panel that appears to the right shows further details of the APC including:

- Link to the full text article
- Author and institution details
- Article type
- Journal details
- User licence

- Article Reference Number (PII)
- Article Submission Date
- Article Accepted Date
- Open Access Ordered Date

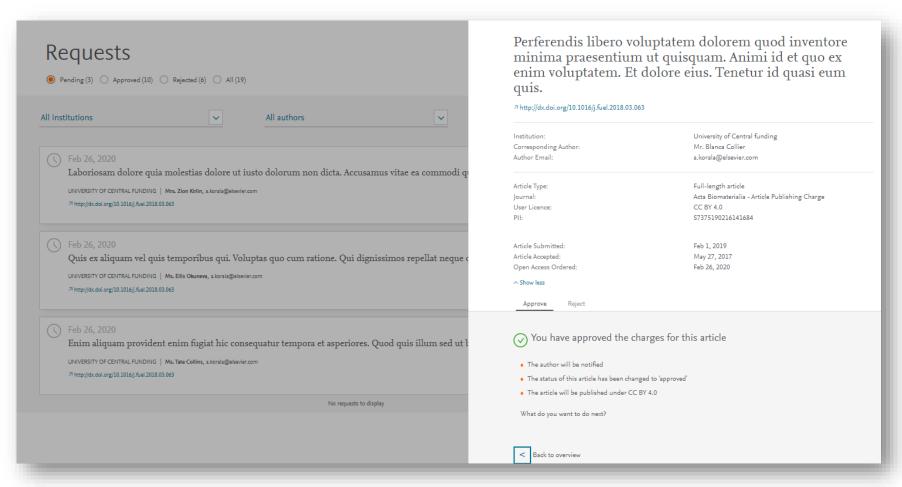

You can reduce the view by clicking on 'Show less'

If the author has entered a Grant ID, that can be selected from the dropdown menu. Or you can enter an alternative Grant ID.

The author will be notified when the APC request is approved, unless you uncheck the 'Notify the author?' box

By clicking 'Confirm', you confirm that you are authorised to approve on behalf of the institution

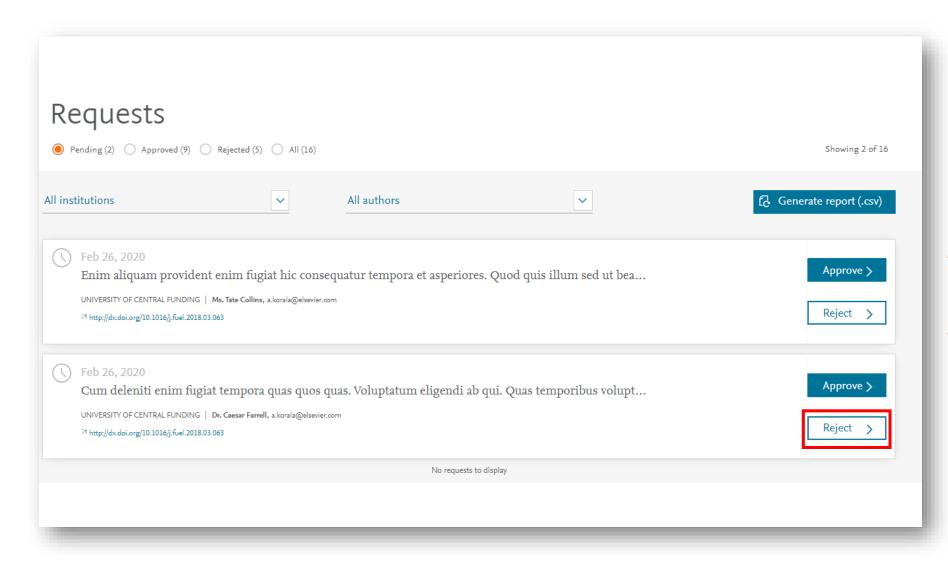

This final screen confirms approval of the APC

The APC is now approved and the request shows in the Approved requests section

Click 'Back to overview' to return to the Pending Requests screen

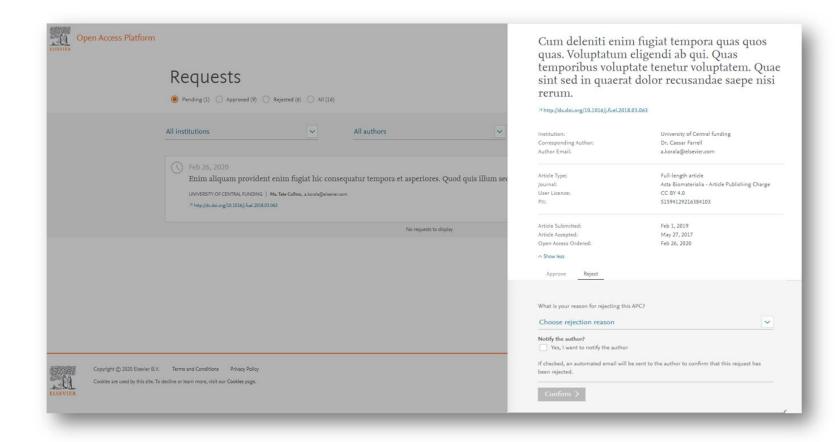

An email notification is sent to the author acknowledging that the APC is approved

Rejecting the APC can be also be actioned via the Platform

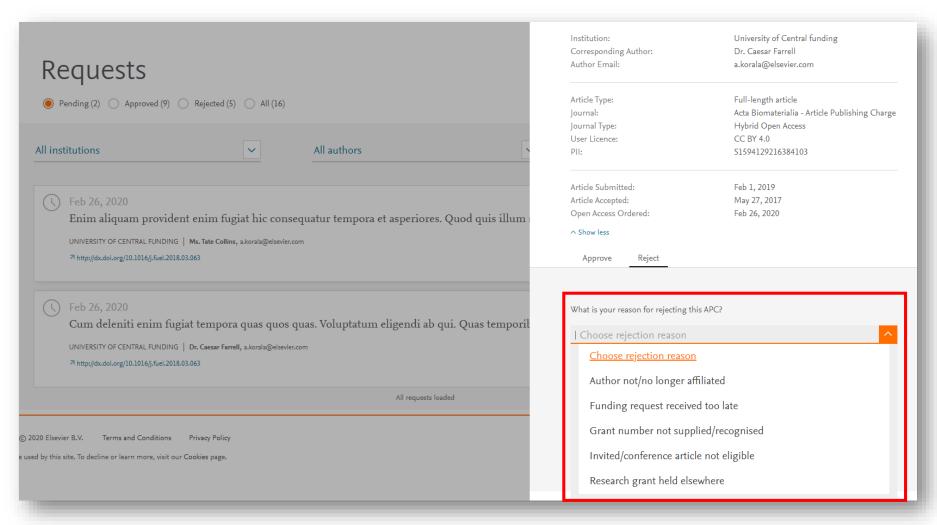

Click on 'Reject' to start the process

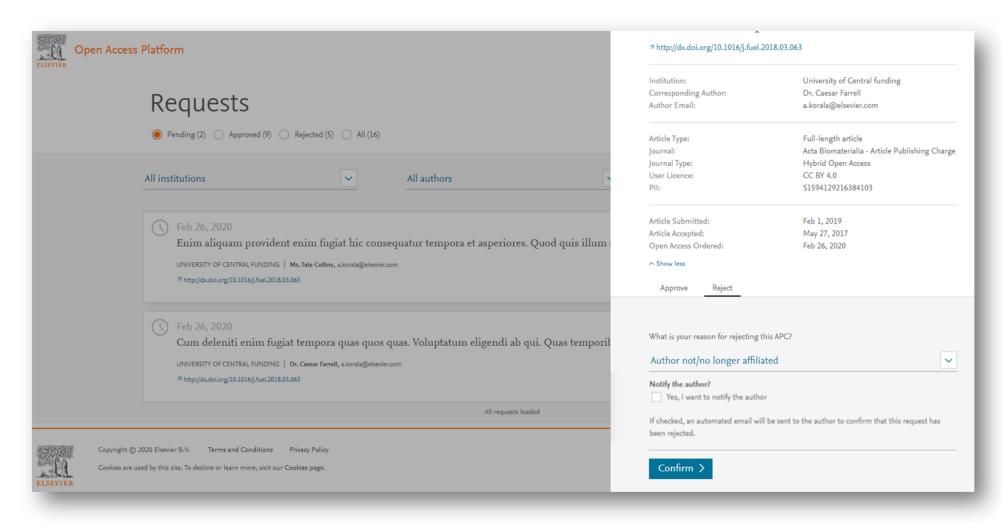

The information panel that appears to the right shows further details of the APC including:

- Link to the full text article
- Author and institution details
- Article type
- Journal details
- User licence
- Article Reference Number (PII)
- Article Submission Date
- Article Accepted Date
- Open Access Ordered Date

You can reduce the view by clicking on 'Show less'

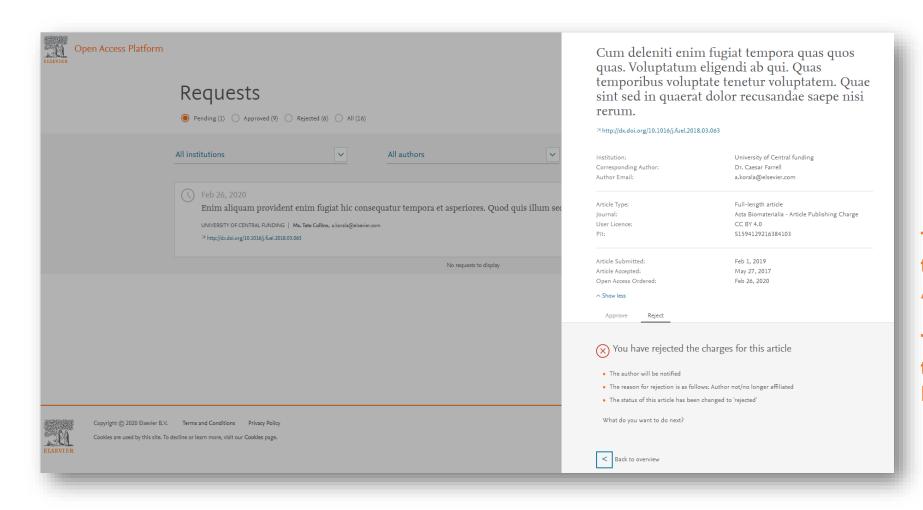

Select a reason for the rejection from the drop-down menu

Opt in by checking the box if you wish the author to be notified

Click 'Confirm' to reject the APC

This final screen confirms that you have rejected the APC request

The APC is now rejected and the request shows in the Rejected requests section

Dear Dr Kayleigh Dach,

John Smith of University of Manchester rejected the Article Publication Charge for your article titled 'Effects of lateral swirl combustion chamber geometries on the combustion and emission characteristics of DI diesel engines and a matching method for the combustion chamber geometry', Article Reference Number (PII) \$2011155716425390.

The reason for rejection was funding request received too late.

Please contact the University of Manchester directly if you have questions regarding their decision.

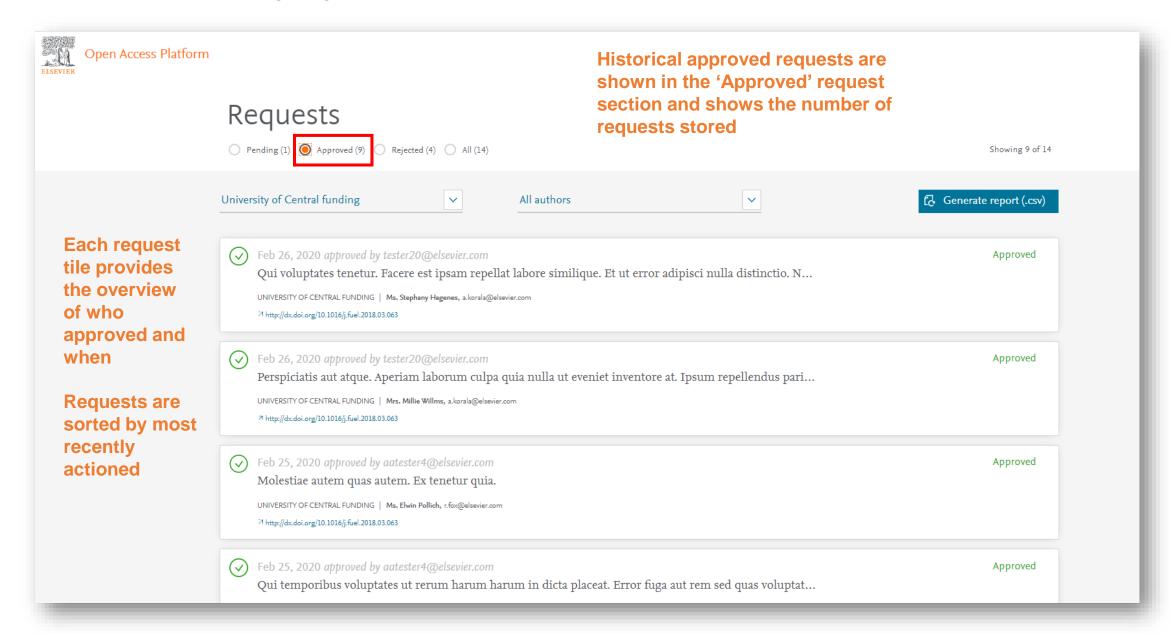

Elsevier will allow seven days for you to discuss this with your institution before issuing you with an invoice to the address that you provided at submission. If the address needs to be amended, you need to advise of any VAT/Tax registration or exemption details, or if the rejection is reversed by the University of Manchester, please contact the Researcher Support Team using the Elsevier Open Access Platform Support Centre

Kind regards

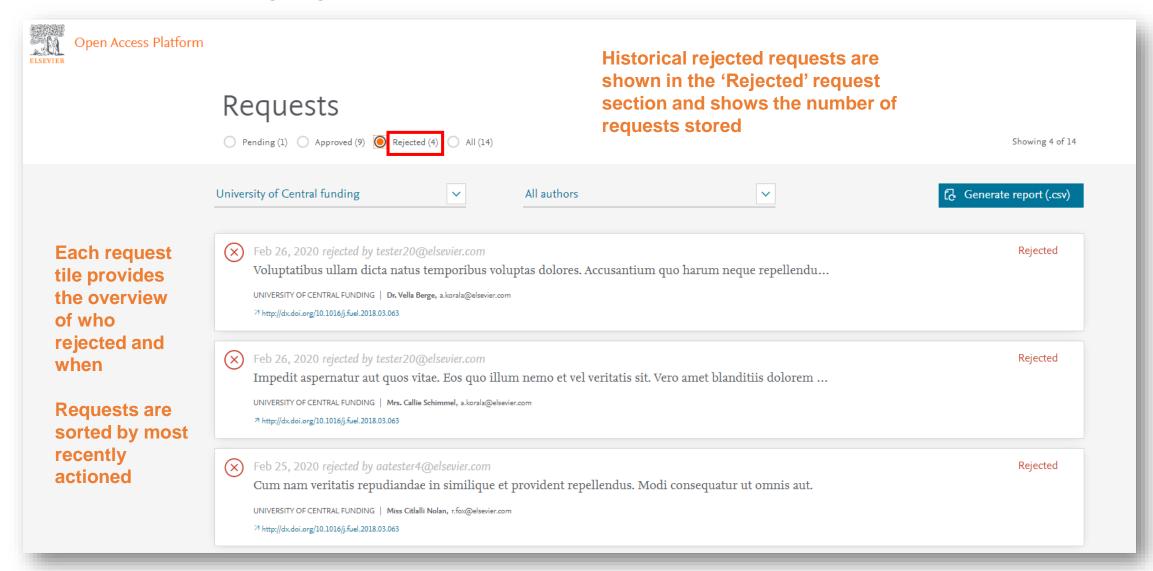

Researcher Support

If selected, an email is sent to the author confirming that the payment is rejected with instructions on the next steps

Step 2.3: Managing your Platform – Historical Approved Requests

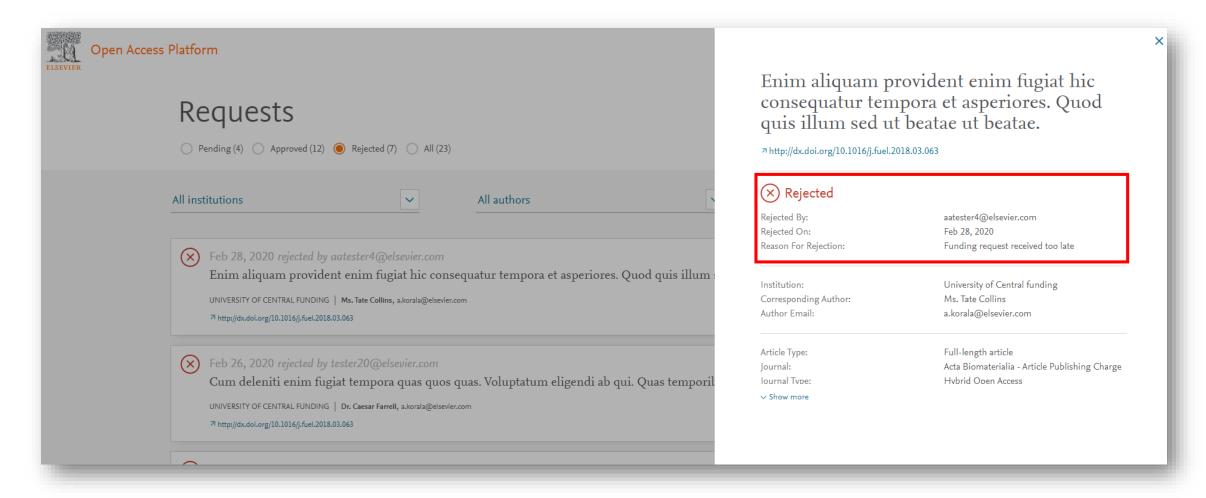

Step 2.3: Managing your Platform - Historical Rejected Requests

Or you can view <u>all</u> requests – pending, approved and rejected all in one place. Click on 'All'.

Step 2.3: Managing your Platform - Historical Rejected Requests

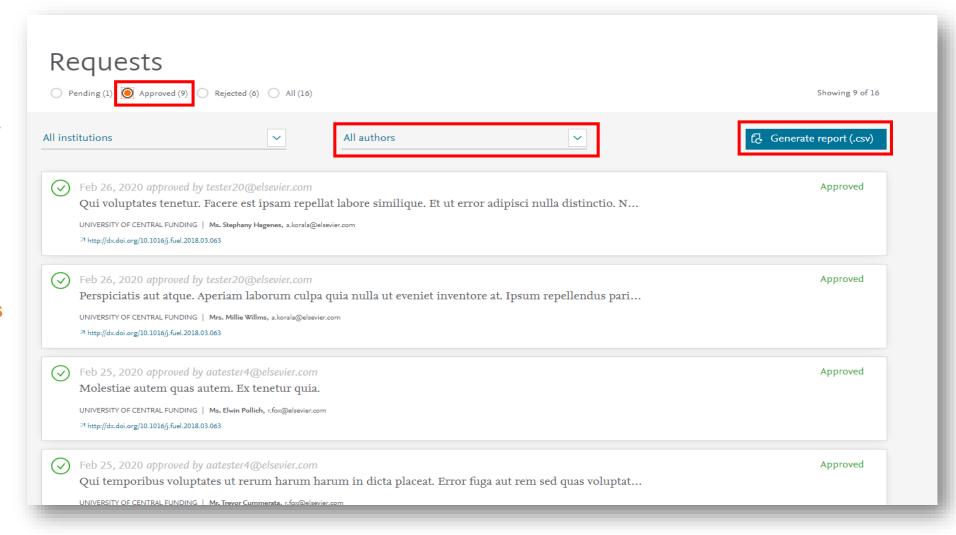

To view the reason for rejection from the historical rejected screen, click on the article title and the information panel that appears shows the rejection reason

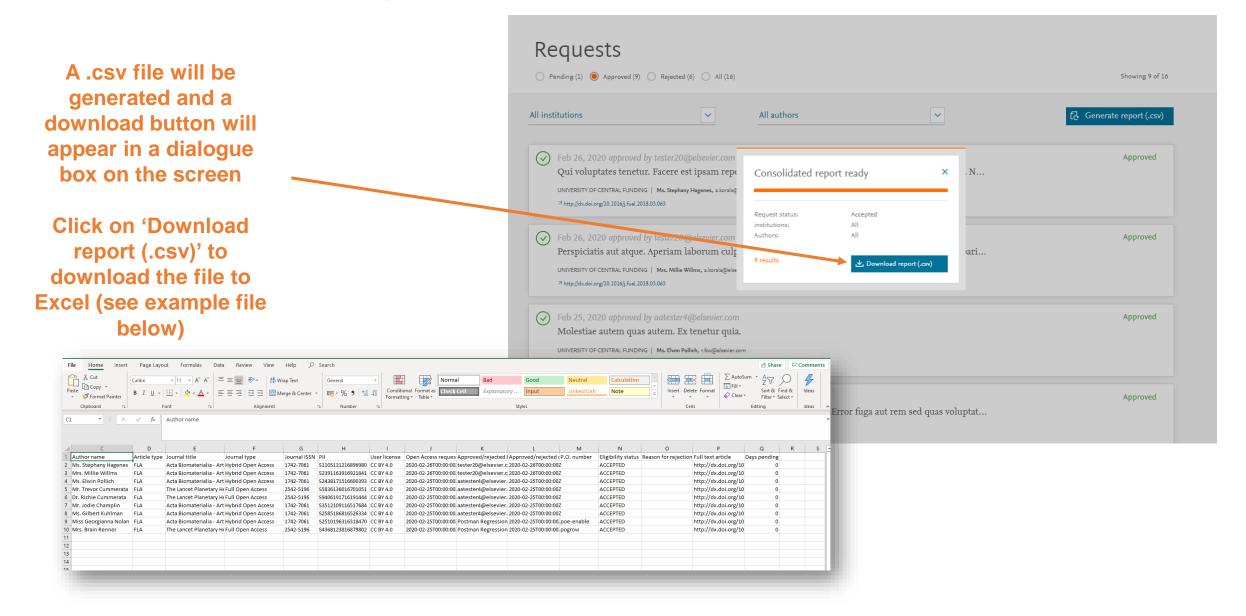

Step 2.4: Generating a Report

To generate a report (.csv file) of pending, approved or rejected, or all – click on the appropriate filter button and then click on the 'Generate Report (.csv)' icon

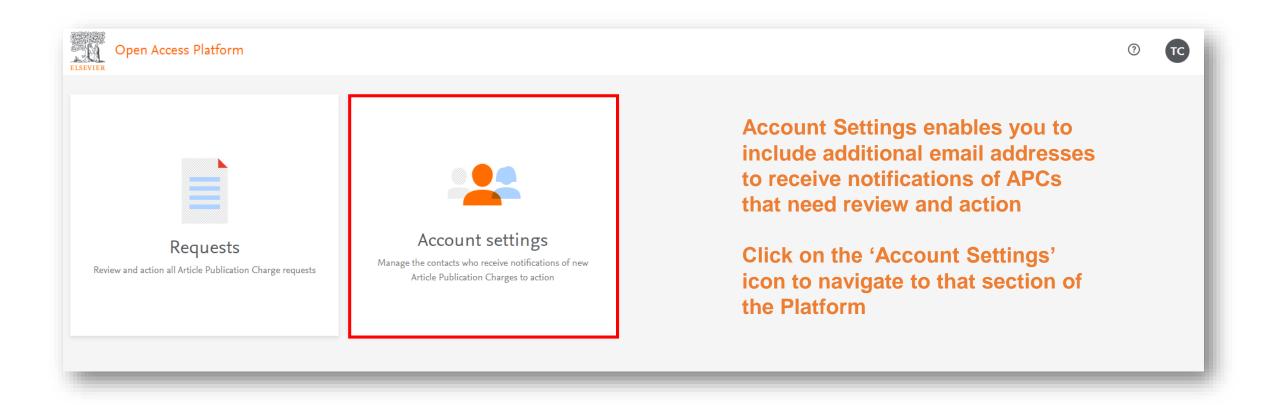

For a report on requests for a specific author, filter for the relevant author from the dropdown menu before generating the report

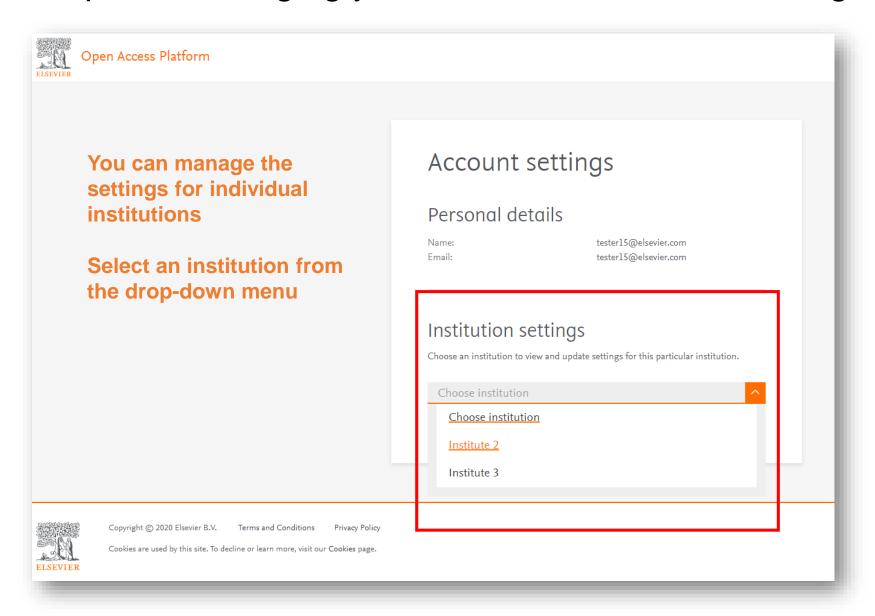

Step 2.4: Generating a Report

Step 2.5: Managing your Platform - Account Settings

Step 2.5: Managing your Platform - Account Settings

3 Steps to your Elsevier Open Access Platform

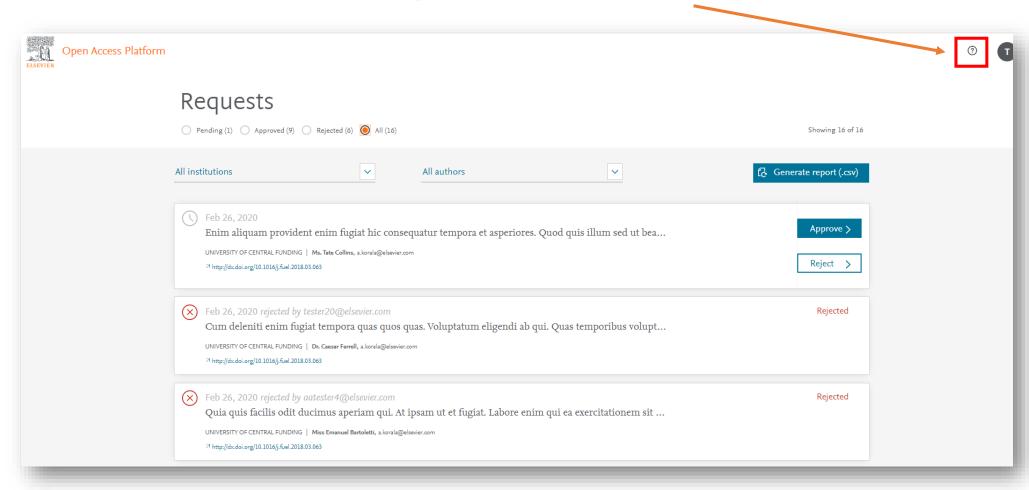

- 1. Accessing your Open Access Platform
- 2. Managing your Platform
- 3. How we can support you

Step 3: How we can support you

If you need support using the Open Access Platform, we have a dedicated resource centre set up

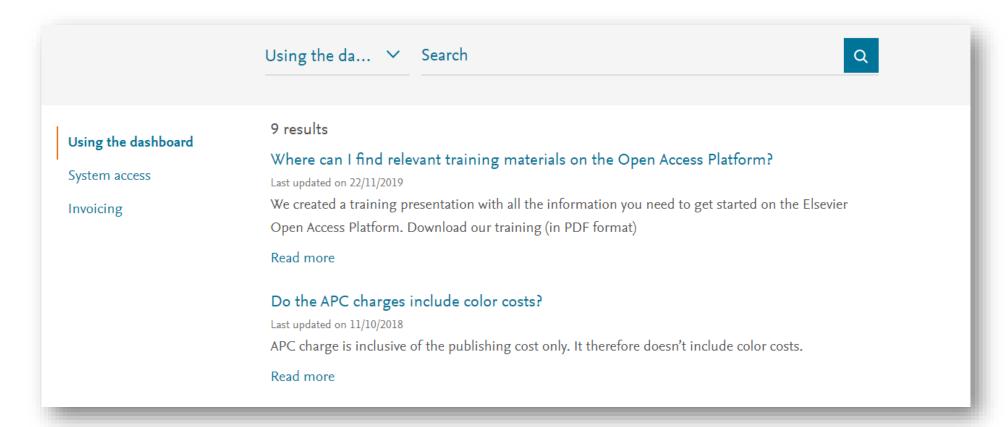

Click on the Help option to go to the Open Access Platform Support Centre

Step 3: How we can support you

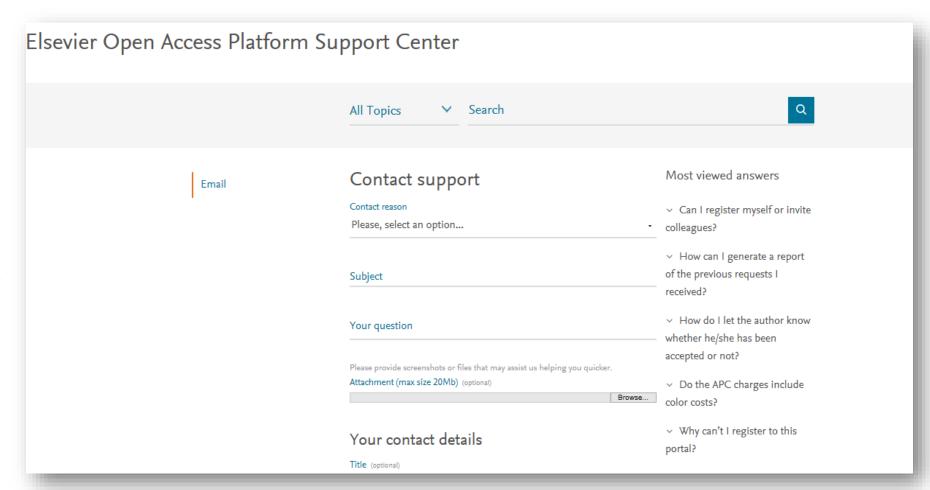

FAQs are posted on Open Access Platform Support Centre

These are managed by our Researcher Support Team

Step 3: How we can support you

If you can't find the answer from the FAQs, then please complete the online form and our Researcher Support Team will follow up with you

Making it easier to work with us

Making it simpler for you to manage your APC requests

Allowing you to track and manage in real time

Enabling you to access your data when you need it

Thank you
