

PharmaPendum Saved Searches User Guide

23102017

Click on “My tools” at the top of any PharmaPendium page

The screenshot displays the PharmaPendium website interface. At the top left is the PharmaPendium logo. The top navigation bar includes links for 'Browse', 'Search', and 'My tools' (which is highlighted with a red box and a 'NEW' badge). To the right of these links are various utility icons and a user status indicator 'IP-authorized'. Below the navigation bar is a 'Quick search' section with a dropdown menu set to 'All These Sources', a search input field containing 'e.g. Coronar* artery disorders', a 'Search' button, and a checkbox for 'Include synonyms'. The main content area features a heading 'Find adverse effect/toxicity data across preclinical, clinical, post-market reports, and more' followed by eight tool tiles: 'Pharmacokinetic Data', 'Metabolizing Enz. & Trans. Data', 'Drug Safety Data', 'FAERS Data' (with a 'NEW' badge), 'Chemistry Search', 'Efficacy Data', 'Activity Data', and 'DDI risk calculator'. Each tile contains a representative icon. The footer is divided into three columns: 'Life Science Solutions' (listing Professional Services, Pathway Studio, Reaxys, PharmaPendium, Embase, and QUOSA), 'Customer Support' (listing Help, Webinars, Guides and videos, and Contact Support Team), and 'Product Information' (listing About PharmaPendium, Newsletter, Terms and Conditions, and Privacy Policy).

The screenshot displays the Elsevier search interface. At the top, there are navigation links: 'Browse', 'Search', and 'My tools' (which has a 'new' badge). To the right of these links are several icons. Below the navigation bar is a 'Quick search' section. It features a dropdown menu labeled 'All These Sources' and a search input field containing the text 'e.g. Coronar* artery disorders'. Below the input field is a checkbox labeled 'Include synonyms' which is checked. A red-bordered box highlights the 'My tools' dropdown menu, which is open and shows two options: 'Recent Searches' and 'Saved Searches'. Below the search bar, there is a heading 'Find adverse effect/toxicity data across preclinical, clinical, post-market reports, and more'. Under this heading, there are eight tiles, each representing a different data type: 'Pharmacokinetic Data' (with a graph icon), 'Metabolizing Enz. & Trans. Data' (with a liver icon), 'Drug Safety Data' (with a magnifying glass over a plus sign icon), 'FAERS Data' (with a person and plus sign icon, and a 'new' badge), 'Chemistry Search' (with a flask and magnifying glass icon), 'Efficacy Data' (with a stylized 'e' and 's' icon), 'Activity Data' (with a stylized 'a' and 's' icon), and 'DDI risk calculator' (with a pill and plus sign icon).

Recent and saved searches are available for all of PharmaPendium*
